Outraged Greenbelt Council Plans Strategy to Fight Redistricting

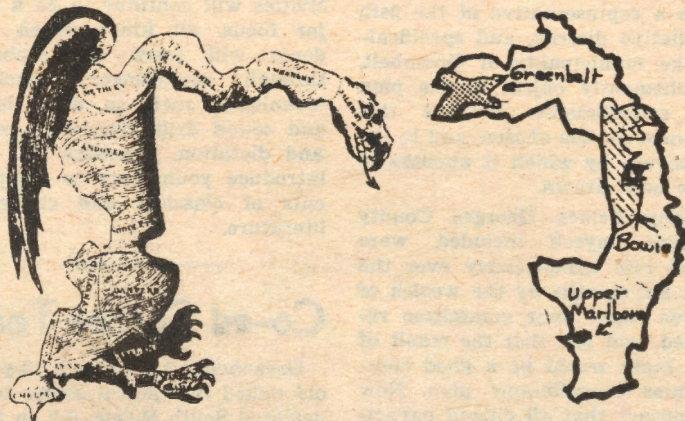

by Charles F. Schwan, Jr.

At its meeting October 5, city council laid plans for political and legal challenges to the plan for redistricting submitted to county council September 25. According to that plan, Greenbelt and Bowie would be in the same single-member district, an arrangement that Councilman Tom White termed the "disenfranchisement of the City of Greenbelt."

To a chorus of support voiced by his colleagues and members of the public present, Councilman Gil Weidenfeld introduced a motion for a "public airing of the redistricting matter to be held Tuesday, October 27. To "generate awareness," he proposed that civic, homeowner and other associations be invited, as well as the Redistricting Commission, county council and state legislative delegation. Print and broadcast media would be invited.

Another Weidenfeld motion — to investigate a legal challenge to the redistricting plan—won unanimous approval also. From the floor, Eunice Coxon remarked that she understood that a court test was also being considered by the American Civil Liberties Union, the League of Women Voters and the National Association for the Advancement of Colored People.

Mayor Richard Castaldi announced that the city would testify at the public hearing on the redistricting plan called by the county council, to be held at the County Administration Building, Upper Marlboro, at 7:30 p.m.,

GERRYMANDER OR PEEGEEMANDER? Whatever the name, District IV (Greenbelt-Bowie-Upper Marlboro) is the mirror image of the original salamander-shaped election district devised under Massachusetts's Governor Elbridge Gerry in 1812. The term gerrymander means "the practise of dividing a city, county or state into voting districts in an unfair way. Gerrymander is generally used by a party in power as a way of keeping its power."

Motorcade

A motorcade will leave from in front of Suburban Trust on Tuesday, October 13 at 6:45 p.m. to attend the hearing on councilmanic redistricting in the County Administration Bldg. in Upper Marlboro. For information on rides call Dorothy Baluch at 474-9409.

Tuesday, October 13. Formal approval ensued on a motion offered by White. All members of council indicated they proposed to speak. Others who may wish to do so

should call Ms. Jean Schmul, 952-3600. Greenbelters planning to attend may wish to carpool. Barry Schlesinger of Citizens for Greenbelt was requested by the Mayor to aid in this effort.

Early in the discussion a letter to Chairman Hervey Machen of the Redistricting Commission from Delegate Joan Pitkin was read. She protested the coupling of Bowie and Greenbelt as violating the requirement that districts be compact and contiguous, the population differences among districts and the apparent discrimination against blacks and women incumbents. (See letter, p. 2.)

Board Opinions Shifting on Marital Status Policy of Greenbelt Homes

by Sandra Surber Smith

An hour-long discussion of the marital status issue, or GHI's family occupancy requirement, and an equally long presentation of the new policy for handling delinquent accounts occupied the Board of Directors of Greenbelt Homes, Inc. at the regular meeting on September 24.

Pat Clancy of Krooth and Altman, GHI's Counsel, appeared at the meeting to discuss the marital status issue arising from the provision in the GHI mutual ownership contract. The contract states: "GHI is a community for families: homes must be occupied by the member and the members' immediate family—spouse, children, foster children, grandchildren, parents, grandparents, brothers and sisters." The legality of this requirement was challenged and upheld in a recent court

decision regarding an unmarried couple who wished to purchase a GHI home. However, the Prince Georges County Human Relations Commission ruled that the family occupancy requirement was discriminatory and therefore illegal. Clancy was of the opinion that GHI's current provision could stand even if challenged in court by the Human Relations Commission. If the board wishes to change this policy, other issues would then be raised, including the rights of current members to hold GHI to the family occupancy clause.

Many Board members spoke against the current family occupancy requirement. Margaret Hogenon felt that there were many non-related elderly people who would like to combine incomes and purchase a GHI home. Steve Curtis and others spoke of the rising cost of living and the need to make GHI homes accessible to

retired individuals and single women. Joe Jenkins felt the issue needed a newer, fresher approach consistent with today's social and financial needs.

The Board then discussed how the family occupancy provision could be changed. Would it need a membership meeting, signing codicils to the mutual ownership contract, or simply revision in future contracts? With the consensus of the Board that the family requirement should be changed, counsel and management were directed to review the provision, determine how it should be changed, assess the problems which might develop, and report back to the Board with a recommendation within a month.

Overdue Accounts

GHI management presented a newly-developed, detailed procedure to follow in collecting delinquent accounts. The procedure See MARITAL STATUS, pg. 3

Greenbelt Crime Statistics

by Mavis Fletcher

The Greenbelt Police Department has compiled crime statistics for the city of Greenbelt for January-June 1980 and the same period for 1981. The statistics show a dramatic increase in crime in most categories and an overall increase of 75% from 1980 to 1981.

The Police Department put these statistics together at the request of Greenbelt City Manager James K. Giese. The format is analogous to a crime statistics report compiled for Prince Georges county. The same categories were used in the Greenbelt study as those used in the Prince Georges county study.

The Greenbelt statistics were presented as follows:

CRIME COMPARISON / FIRST HALF 1980 to 1981

CRIME	Jan-June 1981	Jan-June 1980	Percent Change
MURDER	0	0	0
RAPE	6	3	+100
ROBBERY	25	5	+400
ASSAULT	34	22	+54
TOTAL CRIMES/PERSON	65	30	+116
BREAKING & ENTERING	102	66	+54
THEFT/MOTOR VEHICLE	80	38	+110
ALL OTHER THEFT	347	205	+69
TOTAL CRIMES/PROPERTY	529	309	+71
TOTAL ALL CRIMES	594	339	+75

By comparison, crimes against persons were up only 16% and property crimes only 4% in Prince Georges County. However, murders were up 137% in Prince Georges County in 1981.

The Greenbelt Police statistics are based on documented reports and do not include incidents of attempted crime. Also not included are such crimes as Peeping Tom and indecent exposure for which there were no categories in the Prince Georges County report.

It should be noted that a number of developments occurred in

Greenbelt between the two periods being compared and these may have contributed to the upsurge in crime. The opening of most of Greenway Shopping Center's businesses took place between the two periods being compared. The addition of these businesses to the list of attractive crime targets undoubtedly contributed to the increase in crime. Also the GHI rehabilitation work was begun since the end of the first period in the comparison. This work has brought large numbers of workmen and other non-residents to the center of Greenbelt and may have also added to the crime rate.

HOLIDAY REFUSE SCHEDULE

Due to the Columbus Day Holiday, Monday, October 12, 1981, there will be no refuse collection that day. The regular Monday route will be picked up on Tuesday and Tuesday's route will be picked up on Wednesday. **THERE WILL BE NO PAPER PICK UP WEDNESDAY.** Refuse collection for Thursday and Friday will follow the regular schedule.

Planning Proceeds For Greenbelt Metro

The prospect of getting more of Metrorail into Prince Georges County within the next few years has increased greatly as a result of key revisions in the Washington Metropolitan Area Transit Authority Third Interim Capital Contributions Agreement.

Raymond LaPlaca, the County's alternate representative on the Metro Board, told council members on Tuesday, the agreement contains acquisition for rights of way for the Greenbelt (E) and the Rosecroft (F) Routes, some construction on the E Route and the F Route's Southern Avenue tunnel as well as \$44 million in FY '83 for construction of the West Hyattsville Station which will provide a commuter fringe lot for bus. "I think this ensures completion of the E Route and part of the F Route," LaPlaca pointed out.

Following the briefing, Council gave its 9-1 approval of a letter to the County Executive authorizing him to execute the agreement containing the amendments on behalf of the County.—From Prince Georges County Councilgram, Oct. 2, 1981.

Beltway Plaza Variance To Be Heard October 14

On October 14 at 6 p.m. the request for a variance for the coin-operator amusement arcade at Beltway Plaza will be heard by the Board of Zoning Appeals in the County Administration Building (first floor) in Upper Marlboro. If granted as requested, the entire shopping center would be relieved of landscaping and setback requirements along its perimeter.

City Council at its September 14 meeting took the position that the request for a variance should be limited to the parcel on which the arcade is being built and should be denied in any case.

A Call to Arms!

Next Tuesday marks a good opportunity for Greenbelt citizens to register their protests against the proposed redistricting plan for the specified nine new county council seats. Did we say "register their protests"? **Scream their outrage** would be more appropriate. Rarely have politicians dared to act in a way so nakedly self-serving. This is why three of the five-member Councilmanic Redistricting Commission voted in favor of the plan and why six or seven of eleven incumbent councilmen are expected to approve. They see it as a design to keep themselves in office.

That makes nine or ten people out of the whole county in favor of the plan. Who, on the other hand, oppose it? The list is formidable: the League of Women Voters, the black leadership of the county, all the county newspapers, the Republican members of the Commission, the City of Greenbelt, and just about anyone who has looked closely at the plan.

What, then, are its flaws? Apparently gross violations of legal criteria that districts be compact, contiguous and roughly equivalent in population. Grosser violations of equity and fair play. By this plan the seats of incumbent female council members would be placed in jeopardy, and black representation would be held to 22% in a county where almost 40% of the population are black. The greatest indignity is the plan's blatant nose-thumbing at community desires; for the plan adopted by the Commission bears only slight resemblance to any of the draft plans considered and commented upon in previous public hearings.

If the plan goes through, Greenbelt would be severely damaged. It would be thrust into a district larger in population by 11.4% than the smallest district, thus making our representation necessarily more dilute. Far worse is the linking within the same district of Greenbelt, Bowie, and Upper Marlboro — municipalities with diverse and often incompatible interests. The people of Greenbelt relate in interests and needs to other inner-Beltway communities — Riverdale, Berwyn Heights, New Carrollton, College Park. On the other hand, as past controversies over school issues have shown, Greenbelt and Bowie frequently are philosophically poles apart.

This is why the proposed district — almost a perfect version of the salamander-like shape that the original Gerrymander created — is so contrary to our interest. With Bowie such a major population center, Greenbelt candidates would not have a breath of a chance to be elected to a county council seat, and the Bowie candidate would have little compulsion either to woo Greenbelt voters or to represent our interests.

The County Council will hold a hearing on this plan October 13 at 7:30 p.m. in the Hearing Room of the County Administration Building in Upper Marlboro. Here the people can exercise their own power. They can call for redress of this injustice in the failure of county officials to produce an equitable plan. We need sometimes to remind ourselves and our officials where the final political power resides.

Open Letter

Mr. Hervey Machen, Chairman
 Councilmanic Redistricting Commission

Dear Mr. Machen:

As a representative of the 24th legislative district, and specifically the municipality of Greenbelt, I vehemently object to the plan for councilmanic districts this commission has chosen, and to the procedure by which it appears to have been drawn.

Many Prince Georges County citizens, myself included, were lulled into complacency over the past six months by the wealth of citizen input your committee received, and felt that the result of this input would be a good compromise councilmanic plan. Now it appears that all citizen participation was in vain, all publicized criteria for districts abandoned, and that the plan brought forth, from all reports, only reflects the overriding concern of this commission to protect the seats of some councilmen, and to create an ideal future seat for certain commission members.

In the case of Greenbelt, absolutely no consideration was given to the community of interest, which certainly does not lie with that of Bowie. Greenbelt, a community mixture of homes, apartments and commercial zoning, has few problems in common with Bowie, a more residential community. Greenbelt's interests and problems are much more contiguous with Berwyn Heights, College Park, Riverdale and Beltsville, especially in matters of zoning and land use. Inclusion of Greenbelt in the same district as Bowie has the effect of denying Greenbelt representation in that governmental body making legislative decisions critical to this community.

Greenbelt also is justifiably concerned, as are all in proposed District IV, about the 11.4% difference between this district and the smallest district. This wide a difference clearly indicates an intention to further dilute the voting influence of Greenbelt and Bowie citizens.

In my view, this plan also discriminates seriously against the black community. With the black population at 40%, it seems inconceivable that this commission can endorse a plan that realistically can only project a possibility of two black council seats. The Ennis plan, with a possibility of three seats and even the School Board plan, with which the county has lived for many years without Court challenge, provide better odds for black candidates.

Another discriminatory aspect of the plan is the effect it will have upon women. Incumbent women will be opposing each other or male incumbents and will surely come out the losers. The result will be to eliminate one female council seat, possibly two.

I strongly urge your reconsideration of this plan.

Joan B. Pitkin

County Schools Expand Kindergarten Program

The Prince Georges County Public School System has expanded a primary program that introduces kindergarten students to the names, sounds and formation of each letter of the alphabet from 14 to 55 elementary schools this fall to provide five-year-olds with a more firm foundation for learning the basic skills. Included are Springhill Lake and Oakcrest, schools attended by Greenbelt children.

Using the multisensory techniques of teaching that are offered by the Specific Language/Reading Development (SL/RD) program, the kindergarten project will provide students with a more structured environment than previously available. While socialization skills and play activities will continue to be a major focus, all kindergarten students will learn the alphabet through multisensory teaching techniques such as daily letter and sound drill, trace-copy-recall and dictation. Teachers will also introduce youngsters to components of classical and children's literature.

Co-ed Soccer Team

Greenbelt's 11, 12 and 13-year-old mixed intermural soccer team defeated South Bowie, 6-2 on Sat., Oct. 3. Goals were scored by Adam Whitmore, Susie Fisanich and Daryl Brooks.

Greenbelt will play Glenridge at Glenridge on Saturday, October 10 at 11 a.m. Coach is Steve Fisanich.

THANKS

New Play at Utopia

by Paula Lipman

Greenbelt Cultural Arts Center will begin its fall theater season with a new play, "On Golden Pond," that opens Friday, October 16, at the Utopia Theatre. Dates are Friday and Saturday, Oct. 16-17, at 8:15 p.m. A Sunday matinee will be held on Nov. 1 at 2:30 p.m.

A resort in Maine is the setting of this light, humorous comedy-drama. An elderly couple, Norman and Ethel, are spending the summer in their cabin in the country, surrounded by the beauty and serenity of nature. Norman, faced with his 80th birthday, fears that death is on his doorstep. He becomes stubborn, ill tempered and crotchety, losing his interest and joy in life. His wife, Ethel, constantly humors him, remaining remarkably good natured throughout Norman's crisis. Norman's life changes, however, when daughter Chelsea brings her fiancé's son to spend the summer with the elderly couple.

The lines in the play are witty, incisive and thought-provoking. The characters have depth, warmth and a sense of drama. This new play, written by Ernest Thompson, has achieved overwhelming popularity throughout the U.S. It has been made into a movie starring Henry Fonda and Katherine Hepburn.

Director Joe Morley, new to Greenbelt Players, is completing his Master of Arts in theater with this production. Morley's other directing credits include Talley's Folly, Eureka, and The Effects of Gamma Rays on Man in the Moon Marigolds.

Tickets can be purchased at the door. For information call 474-7763, 345-3516 or 345-3916.

10th Graders Score

Tenth grade students at the Prince Georges County Public Schools scored at or above the national average on five of eight subtests on the Comprehensive Test of Basic Skills last spring, with all systemwide averages within grade level and scores in language mechanics continuing to be a full year ahead of national norms.

As a result of another examination last spring, the percentage of students now in grades ten, eleven and twelve who have achieved passing grades on the Maryland Functional Reading Test has increased 3 to 12 percent. Approximately 97 percent of this year's 8,600 seniors have now achieved passing scores on the new graduation requirement, as have 87% of 10th graders and 90% of 11th graders.

Scores on achievement exams in general, moreover, have been linked again to the maintenance of a normal and uninterrupted sequence of instruction from grade to grade.

Devlin Fundraiser

The planned fundraiser in support of state Delegate Jerry Devlin will be held at 8 p.m. on October 10 at the Bowie Community Center on Stonybrook Drive. For ticket information contact Jerry O'Connor at 464-0111. The cost of the tickets is tax deductible.

Greenbelt Combined Choir

The Greenbelt Combined Choir has begun rehearsals for its annual Christmas Concert to be held on Sunday, December 6, in the Greenbelt Community Church. Rehearsals are held in the Community Church each Thursday evening at 7:30 p.m. Among the pieces to be performed this year are Fred Waring's arrangement of *The Songs of Christmas*.

New singers are invited to join the group which is made up of choir members from the various churches throughout Greenbelt as well as singers who are not affiliated with any church choir. The only requirements for membership are the desire to sing and the ability to carry a tune. Men's voices are especially needed. For further information, please call 345-2597.

Public Relations Course

The Prince Georges Community College's Management Institute is offering a four-session course entitled "Basic Public Relations." The course, given for 1.2 continuing education units, will be held Oct. 28 through Nov. 25, from 7-10 p.m., at Eleanor Roosevelt Senior High School.

Jan Roy, information specialist for Prince Georges Community College, will instruct this course. Participants will learn how to write news releases, public service announcements, feature stories, photo releases and tip sheets. Planning publicity campaigns, finding newsworthy angles for events and arranging public functions will also be covered.

There is a fee. For more information, call 322-0726.

GHI NOTES

The GHI Board of Directors will meet on October 8 at 8 p.m. in the Board Room. Items on the agenda include the rehab program for frame homes with slate roofs and five freestanding prefabricated homes, purchase authorization for a word processor, and a report from the Aesthetics and Environment Committee.

Other future meetings include a Personnel Committee meeting on October 12 and an Aesthetics and Environment Committee meeting on October 14. Both meetings will begin at 8 p.m. in the Board Room. The Aesthetics and Environment Committee will discuss possible uses for the boiler room after heat conversion, illegal dumping on GHI common areas, and committee Saturday walks.

GHI members selling their homes are advised to request an early inspection. Resale inspections strictly adhere to GHI rules and regulations. Members should be aware of any corrective work which is needed before they sign a contract.

As the local housing cooperative, GHI is participating with other Greenbelt co-ops in Co-op Month activities. These activities include poster and essay contests for local nursery and elementary school children. For information about the contests, call Dennis Lewis at 474-5566.

Approximate rehab schedule for the next week is plumbing work at 3 court Plateau on October 8-13

and 4 court Plateau on October 14-16. Vinyl siding work is continuing on Hillside and Research Roads.

The heat was turned on this week. Since many of the frame homes are better insulated now, members may find their homes too hot at times. If it is, please turn the radiators down using the valves at the top. This is a simple manual operation and is far more efficient than opening windows.

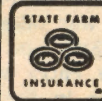

Judy Holland is the new secretary in the Manager's office. After spending her childhood in Greenbelt, she travelled widely including nine years in Alaska. Several years ago, she returned to Greenbelt to live. Previously, Holland worked in the Dean's office at Prince Georges Community College. GHI offices will be closed for Columbus Day on October 12.

calls for close monitoring of past-due accounts and prompt action at specified dates. A series of letters have been prepared to send to members whose accounts are seriously delinquent. The letters inform them of the next steps GHI will take if accounts are not paid. About 3 percent of GHI's members are chronically late with payments, and in a few instances serious balances requiring legal action have occurred. Eviction is the ultimate step if a delinquent account is not resolved. Formal procedures were also developed for buying back a GHI home if a member has defaulted. Previously homes were bought back at rather favorable market prices. The new system calls for strict accounting of all damages and costs to GHI so that the corporation can recover all costs. The Board approved the delinquent accounts procedures.

In other matters the Board approved referral to counsel of a siding color complaint, approved for first reading a contract for word processing equipment, and okayed a comprehensive review of corporate documents to be performed at the direction of GHI's counsel.

8 Yr. Team Soccer News

The 8-year-old County team played an outstanding game last Sunday, beating Hyattsville 4-1. John Stringfellow scored his first goal of the season, Paul Baker scored one goal, and Sean Farrell scored twice. The team gets stronger and better each week, and the team is now in first place.

The game played last week against College Park was declared a tie, not a loss as previously reported. The whistle had been blown before the ball entered the net, and regulations state that when the whistle blows—signifying the game's end—the ball is dead. The goal was subsequently called back, and the game called a tie. The team record is 2 wins, no losses, and 2 ties, taking first place by 1 point.

The next game is against 2nd place Cheverly at 1:15 at Cheverly Pool Field. Team Parade leaves from the library at noon—coaches will furnish car decorations!

Area Co-ops Sponsor Poster, Essay Contests

To celebrate Co-op month, the cooperatives of the Greenbelt community are jointly sponsoring two contests — a poster and an essay contest—in the local schools. The poster contest is for youngsters in nursery school through third grade and the essay contest is for those in the fourth grade or above. First through fifth place prizes will be awarded and all contestants will receive a co-op button and certificate for entering.

Topics for the poster and essay contest are the same. The topics are (1) This is What a Co-op Means To Me, (2) My Experience in a Co-op: supermarket, housing, savings and loan, nursery, gas station, etc., and (3) Co-ops Mean Co-operation—This is What Co-operation Means To Me.

The contest began October 1 and will end October 20. Entries may be turned in to the main office of any community school. All entries will be judged by a panel with a representative from each participating school. For further information on these contests, call Dennis Lewis at Greenbelt Homes, Inc. at 474-5566.

Co-op Month will be capped off at the Poster and Essay Contests Awards Assembly which will be held on Saturday, October 24 at the Center School auditorium. All contest winners will be announced at the assembly. In addition to contest winners, the assembly will feature door prizes, refreshments, balloons, a filmstrip, and informational materials on the cooperatives serving the Greenbelt community.

Everyone is invited to join in the fun at the awards assembly.
